

Performing a document search

The screenshot shows the Scopus search interface with several key elements highlighted by orange boxes labeled A through F:

- A:** The **Documents** tab is selected at the top of the page.
- B:** The search input field contains the term "coffee".
- C:** The dropdown menu is set to search in "Article title, Abstract, Keywords".
- D:** A second search field contains the term "crop production".
- E:** The "Limit" section is expanded, showing options for "Date range (inclusive)" (set to "All years" to "Present") and "Document type" (set to "ALL").
- F:** The "Search history" section at the bottom shows a list of previous queries and their corresponding document counts.

Search Number	Query	Document Results	Actions
5	(TITLE-ABS-KEY (coffee) AND TITLE-ABS-KEY ("crop production"))	331 document results	🔔 📄 🗑️
4	(TITLE-ABS-KEY (coffee) AND TITLE-ABS-KEY (crop AND production))	1,112 document results	🔔 📄 🗑️
3	TITLE-ABS-KEY (coffee)	34,965 document results	🔔 📄 🗑️

- The **Document search** tab is the Scopus homepage. Other tabs are **Author**, **Affiliation** and **Advanced** search.
- Enter your search terms in this field. You can combine multiple search terms within one field. [> Learn more](#)
- Select which fields you wish to search from using the dropdown menu. Add more search fields with the + option.
- Select Boolean operators (AND, OR, NOT) to combine search terms.
- Use the *Limits* to focus on particular publication periods, document types or access type
- Your search history is shown here with the options to create RSS feeds and alerts, and save, edit or delete queries. Combine queries from your history by entering the listed search number with Boolean operators.

- The options *Edit*, *Save*, *Set alert* and *Set feed* are available for the query on its results screen.
- Use the *Search within results* field to add additional terms to your search. They will be applied to this result set. Use the *Refine* options to filter the results by access type, year, author, subject area, funding sponsor, etc.
- Click *Analyze search results* for a breakdown of results by criteria incl. year, source and author. [> Learn more](#)
- Sort results by date (default option), cited by, relevance, first author name or source title.
- These options allow batch processing of all or selected results: export; download as PDF; view citation overview [> Learn more](#); view citing documents; save to temporary list; view references; bibliography; print; or send results as an email.
- Click *View abstract* to display the abstract. *View at Publisher* opens the full text on the publisher website, if authorized. *Related documents* displays referenced works. Links to full text and other library services depend on how Scopus has been setup for your institution.

Analyze Search Results and View Citation Overview

A. Clicking *Analyze search results* on a search results page shows the number of documents in your search results broken down by year, source, author, affiliation, country, document type and subject area. Click on individual cards to expand and view additional data.

B. Clicking *View citation overview* on a search results page shows how often articles have been cited by other documents per year. You can change the date range and exclude self citations and book citations. You can also save, print or export a list of the cited documents.

Working with a document details page

The screenshot shows a Scopus document details page for the article "Applications of pectinases in the commercial sector: A review". The page is annotated with letters A through G:

- A:** Points to the "View at Publisher" link at the top left.
- B:** Points to the article title "Applications of pectinases in the commercial sector: A review".
- C:** Points to the "Author keywords" section, which includes "Pectinase production" and "Pectinase activity".
- D:** Points to the "References" section, which lists other articles cited in the document.
- E:** Points to the "Metrics" section, which displays PlumX Metrics (PlumX Index, PlumX Count, PlumX Score) and a "View at Publisher" link.
- F:** Points to the "Cited by 444 documents" section, which lists articles that have cited this document.
- G:** Points to the "Related documents" section, which lists other articles related to the current document.

- Click *View at Publisher* to open the full text on the publisher's website, if authorized.
- Click an author name to go to the details page for that author.
- View the keywords assigned from thesauri under *Author keywords* and *Indexed keywords*. Additional matched terms can include *Chemicals and CAS Registry Numbers*, *Tradenames* and *Manufacturers*.
- View the references cited in this document. The titles link to the abstract pages for those articles.
- View citation article level metrics, including PlumX Metrics, to evaluate both citation impact and levels of community engagement around an article.
- View the three most recent documents to cite this article here. You can also choose to display all citing works; set an alert; or set an RSS feed to keep informed about new citations of this document.
- View related documents (i.e., with shared references, authors or keywords).

Performing an author search and working with results

The screenshot shows the Scopus author search and profile page for Theodora Psaltopoulou. Annotations A-F highlight key features:

- A:** The search form with fields for Author last name (Psaltopoulou), Author first name (Theodora), and Affiliation.
- B:** The ORCID icon and profile link.
- C:** The author's name and affiliation: Psaltopoulou, Theodora, University of Athens, Department of Hygiene, Athens, Greece.
- D:** The 'Follow this Author' button and 'View potential author matches' link.
- E:** The 'View h-Graph' button and 'Analyze author output' button.
- F:** The 'Get citation alerts' button and 'Add to ORCID' button.

The author profile includes a bar chart showing document and citation trends from 2009 to 2019, with a peak in 2019. The author has 131 documents, 3911 citations, and 190 co-authors. A table of recent publications is shown below:

Document title	Authors	Year	Source	Cited by
Anthropometric characteristics, physical activity and risk of hemitroglous neuropathy: A systematic review and meta-analysis of cohort studies	Psaltopoulou, T., Sergeriatis, T.N., Ntaka-Stathopoulou, I., Riza, E., Dracopoulou, M.A.	2019	International Journal of Cancer	0
Longer procoagulant phosphatidyl-serine catabolism time, lower endogenous thrombin potential and higher tissue factor pathway inhibitor concentrations are associated with increased VTE occurrence in patients with newly diagnosed multiple myeloma: results of the prospective ROMAN-100-CAT study	Fotou, D., Sergeriatis, T.N., Papagouliou, L., Dracopoulou, M.A., Geretzidou, G.I.	2018	Blood Cancer Journal	0

- The **Author search** tab is beside the **Document search** tab. Enter the last (family) name and initials or first name of the author in the two author fields. Affiliation information can also be added in the *Affiliation* field. Scopus will display a list of possible matches.
- You can also search for authors using their ORCID ID.
- Click a name in the result list to open the **Author profile**.
- Use *Follow this author* to receive alerts about new publications. Click *View potential author matches* to view and group together authors with similar profiles.
- Click *View h-Graph* to display the *h-index* as a graph. Click *Analyze author output* to visualize their output as graphs. *View citation overview* analyzes citations of their articles by publication year.
- Stay informed about citations of this author with *Get citation alerts*. *Add to ORCID* adds documents to or creates your ORCID profile. *Request author detail corrections* allows you to request edits to the author profile.

Browsing for sources

The screenshot shows the Scopus Sources page. The navigation bar at the top includes 'Sources', 'Alerts', 'Lists', 'Help', and 'SciVal'. The main content area displays a list of sources with columns for Source title, CiteScore, Highest percentile, Citations 2017, Documents 2014-16, % Cited, and SNIP. A table of sources is shown below, with annotations A-F highlighting specific elements.

Source title	CiteScore	Highest percentile	Citations 2017	Documents 2014-16	% Cited	SNIP
Ca-A Cancer Journal for Clinicians	130.47	99% 1/120 Hematology	16,961	130	70	88.164
MMWR. Recommendations and reports : Morbidity and mortality weekly report. Recommendations and reports / Centers for Disease Control Open Access	63.12	99% 1/87 Epidemiology	1,010	16	100	32.534
Chemical Reviews	51.08	99% 1/159 General Chemistry	44,389	869	97	11.97
Chemical Society Reviews	39.42	99% 2/159 General Chemistry	42,223	1,071	98	7.967
National vital statistics reports : from the Centers for Disease Control and Prevention, National Center for Health Statistics, National Vital Statistics System	36.13	98% 1/46 Life-span and Life-course Studies	1,120	31	100	19.73

- Use the Sources page to browse the list of all journals, book series, trade publications and conference proceedings available on Scopus.
- Search by title, subject area, publisher or ISSN.
- Use the *Refine* options to filter the results by display options, CiteScore quartile or source type.
- Sort the listed sources by title, CiteScore, number of citations or other parameters (see column titles).
- Click a source title to open the *Source details* page, which lists basic information and journal metrics.
- Download the entire Scopus source list as a Microsoft® Excel® spreadsheet.

Accessing personalized features

The image shows two screenshots of the Scopus user interface. The top navigation bar includes 'Author search', 'Sources', 'Help', 'Register', and 'Login'. An orange box labeled 'A' highlights the 'Register' button. The first screenshot shows a user logged in, with a menu icon (three horizontal lines) highlighted by an orange box labeled 'B'. The menu is open, showing options like 'Personal profile access', 'My Scopus', 'SciVal', 'Mendeley', 'Pure', and 'Privacy center'. An orange box labeled 'C' highlights the 'Personal profile access' option. The second screenshot shows the 'Personal profile access' menu open, with an orange box labeled 'D' highlighting the 'My Scopus' option. The main content area shows a search bar with 'stract, Keywords' and a 'Search Q' button.

- Register for and log into Scopus to take advantage of a whole range of personalized features.
- After login, click on the menu icon to access your account.
- Click *Personal profile access* to modify your personal details and preferences, change your password, and manage your export and reference management settings.
- Click *My Scopus* to view your *Dashboard* (where you can see the status of any author feedback correction requests) and to manage your saved searches, alerts, saved lists and grouped authors.
